MORTON HEADS EQUITABLE

Secretary of the Navy Accepts the Chairmanship of Board of Directors.

INTERESTS OF POLICY HOLDERS FIRST

The New Official Declares That in His Plans for Re-Organization, the Interests of Holders of Policies Will be His First Consideration—Mr. Cleveland Accepts Trusteeship.

New York, June 11.—Paul Morton, who retires from the secretaryship of the navy on July 1, was Friday elected chairman of the Equitable Life Assurance society. His election marks the first and most important step in the reorganization of the society and was followed by the tender of the resignations of President James W. Alexander, Vice President James H. Hyde, Second Vice President J. G. Tarbell, Third Vice President George T. Wilson, and Fourth Vice President William H. McIntyre.

All of the negotiations submitted to the meeting are subject to the pleasure of Chairman Morton, and none has yet been accepted. Just what action Mr. Morton will take as to these resignations was not disclosed, but it was strongly intimated that President Alexander and Vice Presidents Tarbell, Wilson and McIntyre retired with the belief that their executive relations with the Equitable had ended.

The newly-elected chairman of the board of directors of the Equitable Life Assurance society, Paul Morton, said Saturday that in his plans for the reorganization of the society he intends to consider first of all the interests of the policy-holders.

"You can say for me," said Mr. Morton, "that my watchword in my connection with the Equitable Life Assurance society, will be for the best interests of the policy-holders. I do not propose to reflect in any way on the former management. I simply take matters as I find them and shall give all my efforts to carry on the society in the proper way. The interests of the policy-holders are the greatest interests and it would seem to me that no policy leaving this fact out of consideration can succeed."

Continuing Mr. Morton said: "I fully appreciate the honor that has been done me by the directors of the Equitable in selecting me to act as their chairman. I can only say that I shall do everything in my power to administer the affairs of the society in such a way as to preserve the fullest confidence of the policy holders and the public generally."

George Wentlinghouse announced that

Monday that he had accepted the trusteeship of the Equitable stock offered him by Thomas F. Ryan. Justice Morgan J. O'Brien as much as agreed to act as trustee.

Mr. Morton spent a part of the day in conference with President James W. Alexander and Vice Presidents Hyde, Wilson and Tarbell in President Alexander's office. Mr. Morton said afterward that he had called a meeting of the executive committee of the Equitable society for Wednesday. It was yet too early, Mr. Morton said, for him to define his policy in the Equitable society and he would not be able to actively take up his new work until relieved of his official duties at Washington.

Mr. Cleveland Will Accept.
Princeton, N. J., June 11.—Former President Cleveland said Saturday that he had received notification of his selection as one of the three trustees of the Equitable Life Assurance society and that he thought it his duty to accept the position.

High School Athletes at Chicago.
Chicago, June 11.—More than 600 athletes from ten states contested in the annual interscholastic meet on Marshall field Saturday under the auspices of the University of Chicago. The contestants represented 75 different high schools and academies.

TRIUMPH FOR ROOSEVELT

Both Japan and Russia Have Accepted His Suggestions for a Meeting of Representatives.

PEACE IS ALMOST SURE TO FOLLOW

London and Berlin Have Nothing but Praise for the Admirable Spirit and Phrasing of the President's Communication to the Belligerents—Already Speculating on the Terms.

New York, June 11.—The Associated Press has definite knowledge that both the Russian and Japanese governments have accepted President Roosevelt's suggestions that a meeting of representatives of the two contending powers is assured.

Japan is Willing.
Tokio, June 11.—Japan has agreed to President Roosevelt's suggestion to appoint plenipotentiaries to meet Russian plenipotentiaries.

England Speculates on Terms.

London, June 11.—The keenest interest is manifested in President Roosevelt's note endeavoring to bring Japan and Russia to an understanding. While the British government is not taking any part in the negotiations, it is giving the most cordial support to the president of whose actions in the matter it has been kept fully informed. Diplomatic and official circles speak in highest terms of the diplomatic manner in which the president handled the matter and are fully in accord with what they considered to be the only way in which the difficulty could be overcome. The United States not being entangled in any way was really the only country which could take action but even President Roosevelt could not do more than endeavor to start direct negotiations between the belligerents. Japan, it can be stated, refused to start the negotiations until fully assured of the earnestness of Russia and that her proposals would be seriously considered. Her demands will include an indemnity, the amount of which has been fixed by the Japanese government, and on this point the president is urging lenient treatment. It is considered here that Japan is entitled to an indemnity and it is pointed out that while the payment of an indemnity might affect the standing of Russia among the powers, it is not so serious as the loss of territory, beside the payment of an indemnity would be forgotten sooner than the loss of territory and would leave no feeling for revenge. Financial circles in London are of the opinion that the Japanese will demand an indemnity amounting to about \$1,000,000,000, that being their estimate of the cost to the Japanese of the 16 months' fighting. This is considered in some quarters to be too large an estimate of the expenditure which is thought to be nearer \$500,000,000.

The German View.

Berlin, June 11.—The text of President Roosevelt's message on the subject of peace to the governments of Russia and Japan is regarded at the foreign office here as admirable in spirit and phrasing and positive hope now exists of comparatively early peace. The Russian emperor in fact invited the action of the president and had no negotiations took. The president through the council of powerful personal influences in Russia became disposed towards peace some days in advance of the president's action. It was recognized at the Russian court

and at this court also that no man in the world could so well make an appeal for peace as President Roosevelt. His known views, the detachment of the United States from the European system and the good will Japan feels toward the United States made the president the solitary statesman who could take such a step without either side distrusting him or feeling annoyed by his solicitude. The conviction here is that Russia is now ready for peace and seeks peace and that the only differences insurmountable by negotiation which might arise lie in the Japanese government's intentions and terms. Emperor Nicholas now won for peace would again decide for war should the Japanese attitude be unconciliatory or even one of long hesitation and reserve, though it is understood that Japan also gave the president some assurances before he acted.

Russia is Ready.

St. Petersburg, June 11.—It was stated at the foreign office Saturday afternoon that Russia is ready to appoint representatives to hear the Japanese proposals on being informed that Japan is nominating representatives for this purpose.

Will Meet in Washington.

Washington, June 11.—From an authoritative source it is learned Saturday that it has been practically determined that the plenipotentiaries of Japan and Russia for the determination of peace terms will hold their sessions in Washington.

THEIR WORK COMPLETED

National Editorial Association Adjourns to Meet at Indianapolis Next Year.

STATEHOOD RESOLUTIONS WERE PASSED

Editors Declare That Oklahoma and Indian Territory Should be Disassociated in Consideration From Entangling Alliances—John Dymond, of New Orleans, Elected President for ensuing Term.

Guthrie, Ok., June 11.—At the final session of the National Editorial Association here Friday resolutions were passed in favor of immediate statehood for Oklahoma and Indian Territory and declaring the exclusion of these territories from statehood to be a "reflection on the good faith and patriotism of the national congress." It was also resolved that Oklahoma and Indian Territory should be disassociated in consideration from "other entangling alliances."

This refers to the connection with Arizona and New Mexico in the Hamilton bill which Senator Cannon and Senator Beveridge introduced, would be the one considered at the next session of congress.

Resolutions were also passed declaring against the proposed general strike of the International Typographical union on January 1, 1906, on demands for an eight-hour day with nine-hour wages. This action if carried out, the resolutions asserted, would be revolutionary and demoralizing in its effect on business conditions. The United Typothetae of America were commended for the stand they have taken in favor of maintaining harmonious relations between employers and employees and against combinations and conspiracy.

The election of officers resulted in the following: John Dymond, of New Orleans, president; John E. Hunkin, of Sterling, Kan., first vice president; Henry B. Varner, of Lexington, N. C., second vice president; L. G. Niblack, Guthrie, Ok., third vice president; William A. Ashbrook, of Johnstown, O., corresponding secretary (re-elected); J. T. Cockrum, Oakland City, Ind., editing secretary (re-elected); J. W. Sel, of Ashland, Pa., treasurer.

Indianapolis, Ind., was chosen unanimously as the next place of meeting in 1906.

The convention adjourned Friday afternoon and the delegates left Guthrie in the evening on a trip through the two territories, eventuating at Portland, Ore., through Texas and California, where short stops will be made.

POINT FOR KANSAS.

Supreme Court Overruled Standard Oil Company's Request That Charges Be Made More Definite.

Topeka, Kan., June 11.—In the case of the state of Kansas vs. the Standard Oil company, the state won the first point in the supreme court Saturday. This is the case in which the state is trying to oust the Standard from doing business in the state on the ground that it is a trust. The charges are of a general nature while the Standard asked that they be made more definite and the names and dates where the Standard "had conspired" be given. The answer of the state was that the information the Standard desires is the possession of the defendant company and the state does not have to set it forth in detail. The court overruled the Standard's contention.

FLOOD AT KEOKUK.
Des Moines River Rose Seven Feet in Three Hours—The Mississippi Also Rising.
Keokuk, Ia., June 11.—The Des Moines river here rose seven feet in three hours Saturday and is still rising fast. There is an almost equally remarkable flood in the Mississippi river here. The levee protecting the town of Alexandria, Mo., has been broken and water has started through the town. Never before has the Des Moines river made such a tremendous jump. The great volume of water from the Des Moines joining the flood in the Mississippi will sweep all lowlands in Illinois and Missouri from Keokuk to Hannibal. The Mississippi river Saturday showed a rise of six feet, breaking all records here. The government locks are flooded and the danger line has been passed by over two feet. Two terrific rainstorms during the night caused all creeks to become raging torrents. The Mississippi, like the Des Moines is still rising at a rapid rate with prospects of much damage. All railroad trains are delayed on account of washouts.
Jointists' Win at Topeka.
Topeka, Kan., June 11.—The supreme court Saturday decided the liquor ordinances of Topeka were not valid. This was the decision in the case of R. Van Jolye, a jointist, versus the city of Topeka. Over 170 cases of jointists appealed from the city to the district court will be wiped from the docket. They are cases started during the reign of E. M. Stahl as chief of police. The city council will meet Monday night to draw up new ordinances.

Ten Years for Bigelow.
Milwaukee, June 11.—Frank G. Bigelow, formerly president of the First National bank of Milwaukee, appeared in the United States district court Saturday afternoon, pleaded guilty to a violation of a national banking laws and was sentenced to ten years at hard labor in the federal prison at Fort Leavenworth, Kan.
